3430 Tulln an der Donau | Austria
phone: +43 699 19 19 10 92
e-mail: hr@valdospan.com
web: valdospan.com

Valdospan GmbH is an Austrian-based company with core competences in the field of oncology among others. Our company specializes in the research and development of innovative therapeutic products for the treatment of malignant tumors. Our aim is to develop therapeutics with the goal of establishing ourselves as a fully integrated Austrian biotech company.

For our Biologics Unit in Tulln an der Donau, we are looking for a skilled and motivated

Research Technician (40 h / week)

The primary responsibilities include the production, purification and testing of recombinant biomolecules for the development of novel therapeutic applications. Additional tasks include analytical methods for quality and process control, method development, product characterization and activity assays. Precise documentation and communication of results are conducted in English.

Requirements:

- MSc, BSc, HTL or equivalent in a relevant field
- Experience with research scale up- and downstream applications in *E. coli* is desirable
- Experience with automated liquid handlers is advantageous, but not mandatory
- Previous work experience in a relevant field is a plus
- Good command of English
- Independent and responsible work ethic
- Good team player

The minimum monthly gross salary for 40 h per week is €1975,64 according to the "Kollektivvertrag chemisches Gewerbe, Verwendungsgruppe III".

The actual salary will vary depending on education, qualification as well as work experience of which will be negotiated upon receiving the job offer.

Starting date: Earliest September 2021

Our supportive and motivated team is looking forward to receiving your application (CV and cover letter) via hr@valdospan.com referring to VS-JO-2021-B03.
